

It's all about suction power.

TOSHIBA

AEROCYCLONE CLEANER
VC-T800A **H** GRAY

VACUUM CLEANER
VC-SP550A **P** PINK

More suction power.

Forget input power. What matters is SUCTION POWER. Toshiba vacuum cleaners have more suction power than other 1350W motors. Compare the difference.

Lighter and more compact.

Toshiba vacuum cleaners are lighter and more compact than those with a similar sized motor. Infact, up to 2Kg lighter! Specially designed for easier handling and storage. Compare the difference.

Strong Suction Power

450 W

Input Power 1350W

AEROCYCLONE CLEANER
VC-T800A **H** GRAY

SUPER High Suction Power

490 W

Input Power 1350W

VACUUM CLEANER
VC-SP550A **P** PINK

Better value.

Not only does the Toshiba range of vacuum cleaners cost less than other well known brands but each model comes with an introductory bonus offer valued at up to \$59.95.
